

15th Congress of the
International Xenotransplantation Association
October 10-13, 2019 | Munich, Germany

COMMERCIAL SUPPORT & EXHIBITION OPPORTUNITIES

IXA is a Section of
The Transplantation Society

INVITATION to SPONSOR

We look forward to welcoming our colleagues from around the world to Munich in October 2019. These are exciting times for the area of xenotransplantation and we are working on developing the most comprehensive and balanced program for all our delegates.

The city of Munich is an epicentre for rich culture, art and history. There is a museum for every interest under the sun and the history encrusted in the walls and atmosphere of the museums is very powerful. What is really special to Munich is that no matter where you are in the city, you are surrounded by its intriguing history.

We hope that you will consider participating in this Congress as a sponsor and / or exhibitor for the benefit of the continued growth and collaboration of this exciting field.

Look forward to seeing you in Munich!

Eckhard Wolf
IXA 2019 Congress Chair

Bruno Reichart
IXA 2019 Congress Co-Chair

Leo Bühler
IXA President

ABOUT IXA

The International Xenotransplantation Association (IXA) was established at the Montreal '98 Congress of The Transplantation Society, with the aim of providing a forum for those with a special interest in Xenotransplantation.

The IXA's mission is to promote xenotransplantation as a safe, ethical, and effective therapeutic modality by:

- 1. FOSTERING THE SCIENCE OF XENOTRANSPLANTATION**
through promotion of ethical clinical and pre-clinical research, productive discourse, and collaboration;
- 2. EDUCATING HEALTH CARE PROVIDERS AND LAY PERSONS**
through broad, representative participation in interactive public debate; and;
- 3. GUIDING THE DEVELOPMENT OF SCIENTIFICALLY SOUND, INTERNATIONALLY CONSISTENT PUBLIC POLICY** that is responsive to new developments in the field and acknowledges varying social, ethical and legal frameworks.

The IXA's core mission is closely aligned with the principles outlined in the Cartagena Protocol on Biological Diversity. This international agreement describes international norms for the use of genetically modified animals "to contribute to the development of human welfare and the promotion of environmental conservation on a global basis." The Cartagena Protocol specifically seeks to "promote access to and transfer of technologies, including biotechnology" for the advancement of human health, and "to ensure the development of appropriate procedures to enhance the safety of biotechnology in the context of the Convention's overall goal of reducing all potential threats to biological diversity, taking also into account the risks to human health."

President: Leo Bühler, Switzerland

President-Elect: Agnes Azimzadeh, USA

Past President: Peter Cowan, Australia

Secretary-Treasurer: Eckhard Wolf, Germany

Councillors: Curie Ahn, South Korea
Rita Bottino, USA
Pierre Gianello, Belgium
Wayne Hawthorne, Australia
Muhammad Mohiuddin, USA
Joseph A. Tector, USA

Why be a part of IXA 2019?

The IXA 2019 Congress will be the event where your organization can:

- **CONNECT WITH LEADERS** in xeno and allied fields from across the globe
- **SHOWCASE YOUR PRODUCTS AND SERVICES** to key players in a brand new, emerging market
- **RECEIVE VISIBILITY FOR YEARS TO COME** through our diverse, durable distribution channels
- **SUPPORT ONGOING QUALITY EDUCATION** for (and outreach to) meeting participants

ANTICIPATED AUDIENCE

IXA MEMBERSHIP BY REGION

PROGRAM TOPICS

Cell and Tissue Xenotransplantation (non-islets)

Coagulation and Thrombosis

Ethics, Cultural and Religious Aspects of Xenotransplantation

Genetic Engineering of the Xeno Donor

Immunosuppression and Tolerance

Infectious Risk and Xenozoonoses

Innate Immunity and Inflammation

Islet Xenotransplantation – Clinical and Preclinical Models

Islet Xenotransplantation – Small Animal and In Vitro Models

Methodology / Techniques / Resources

Molecular and Physiologic Incompatibilities

Organ Xenotransplantation – Preclinical Models

Organ Xenotransplantation – Small Animal and In Vitro Models

Regulation and Public Perception of Xenotransplantation

Swine in Biomedical Research
(Satellite Symposium, Sunday/Monday)

Tissue Engineering and Regenerative Technology

Xeno Pathology and Molecular Mechanisms

Xenoantigens and Antibodies

PARTNERSHIP OPPORTUNITIES

Joining IXA 2019 as a partner is a simple **3-STEP PROCESS**

Organizations have the flexibility and choice to tailor their own sponsorship experience. You get to select the Congress features that best accentuate your presence at IXA 2019. This flexibility is designed to ensure that your specific needs and objectives are met.

If you are interested in Exhibit opportunities solely, please view page 10.

Step 1

Take a look at the different sponsorship levels on offer and see what value-added benefits are included within each level. Identify where your partnership budget will fit.

Step 2

Choose one or more items from the “à la Carte” list to create your custom sponsorship package.

For example, if you choose the lanyards and notepads, your investment is \$10,000 which makes you a Silver Partner. This partnership level comes with one booth, some free registration and exhibitor passes and additional visibility.

Step 3

Add up your items and enjoy all the additional benefits that are included within the sponsorship level you have reached.

PARTNERSHIP OPPORTUNITIES

Step 1

This table reflects the additional benefits your organization will enjoy based on your overall partnership investment which is based on the items you will select in the next steps.

BENEFIT	Gold \$20,000+	Silver \$10,000+	Bronze \$5,000+	Contributor <\$5,000
GENERAL VISIBILITY				
Personalized alerts / push notifications in WebApp	1

SUPPORT OF EDUCATIONAL ACTIVITIES

Lunchtime Symposium*

\$20,000.00 USD

- The opportunity to host a lunch symposium to a targeted audience.
- Program content and speakers(s) to be organized by sponsor. (subject to Program Committee approval)
- Room rental fee included in cost of sponsorship.
- Lunch catering for participants included in cost of sponsorship (upgrade available at own cost).
- Recording of the symposium with static video, audio and slides.
- Acknowledgement as a congress sponsor in the on-site program pocket guide.
- Exposure and acknowledgement as a sponsor of the congress in marketing activities.
- Opportunity to utilize the congress logo on sponsor's own promotional material.

* No concurrent scientific activity will be held during this time.

How IXA will help you promote your symposium

- Opportunity to include a promotional digital ad about the symposium on digital signage
- Symposium will be included in all congress materials:
 - program and sponsorship sections of the website
 - printed on-site program pocket guide
 - Web App
 - Company may bring one banner for display in the foyer of the meeting room

Pre-congress Symposium*

\$10,000.00 USD

A pre-congress symposium to be planned will include:

- Opportunity to include a promotional digital ad on digital signage.
- Recognition of your sponsorship in the Final Program on the Congress Web App.
- Exposure and acknowledgement as a sponsor of the congress in marketing activities.
- Opportunity to utilize the congress logo on sponsor's own promotional material.

Web Access to Recordings*

\$10,000.00 USD

All registered delegates, TTS Members and IXA members will be given the opportunity to view the congress session recordings through a website for a year after the congress.

- Exclusive opportunity to sponsor the registrants' access to online content recorded during the congress.
- Acknowledgement of the sponsor (logo) to appear on introduction screen.
- Acknowledgement of the sponsor (logo) in the announcements mentioning web recordings in the Congress announcements, the on-site program pocket guide and on the congress website.

Ludwig-Maximilians-Universität München

Geschwister-Scholl-Platz 1, 80539 Munich, Germany

Ludwig-Maximilians-Universität München is one of the leading research universities in Europe. Since its founding in 1472, it has been committed to the highest international standards of excellence in research and teaching.

LMU Munich now has some 750 faculty and more than 4,000 academic staff members, who pursue research and provide tuition for the University's undergraduate and graduate students. The University's 18 faculties cover the whole range of contemporary scholarship, encompassing humanities and cultural studies, law, economics and social sciences, medicine and the natural sciences.

As a genuine universitas, LMU observes the highest standards in research and teaching, and strives to find solutions to the problems facing us in the areas of society, culture, environment, technology and health. The University is committed to providing an education that imparts both technical competence and social skills, and instills a lively awareness of history and respect for human values. In this spirit, LMU upholds the legacy of the White Rose movement, a group of LMU students who actively resisted Nazi ideology during the Second World War.

For more information, visit: www.en.lmu.de

With approximately 1.5 million inhabitants, Munich is the third-largest city in Germany and the twelfth-largest in the European Union. The total area of the Munich metropolitan is an impressive 31 hectares. Over a length of 13.7 kilometres, the Isar winds its way through the city and offers recreational activities on its banks. There are also recreational activities on offer in the numerous parks – the Englischer Garten (English Garden) alone covers 375 hectares. Munich has city partnerships with locations all over the world – from Edinburgh to Kiev. There's a broad range of culture to be found in the 47 theatres and 46 museums. Approximately 115,000 students study at the 17 universities and colleges in the city while also enjoying the high-quality leisure activities on offer.

Willkommen Welcome
