Welcome Messages

from the Congress Chairs

Designed to Empower
TTS2020 | **SEOUL** 서울
September 12-16
28th International Congress of The Transplantation Society
www.tts2020.org

It is with great pleasure that we invite you to the 28th International Congress of The Transplantation Society (TTS 2020), which will be held in Seoul, the capital of South Korea, from September 12 to 16, 2020, at COEX Convention and Exhibition Center, one of South Korea's largest convention and exhibition venues.

TTS is the only global transplantation society that encompasses all of the disciplines in the field of transplantation, and this congress will be an ideal opportunity to share our knowledge and learn from each other so as to maintain standards and expand the field of transplantation together. With over 4,000 participants expected to attend, TTS 2020 promises to be a great occasion to present the latest techniques, and exchange information and valuable academic research findings in the field of transplantation. The Program Committee and the Local Organizing Committee are dedicated to organizing a challenging and interesting program for the congress participants bringing a large number of world-renowned scientists together to share their expertise, remarkable achievements and most recent findings.

Seoul is a truly cosmopolitan city that is an exciting and vibrant combination of modern and traditional, offering its visitors a compelling mixture of technology, rich cultural heritage and natural beauty. Globally, Seoul has become a world-class city of Northeast Asia. As the hub of transport, logistics and information technologies, Seoul enjoys advanced urban infrastructures, and everyone has easy access to information. We are proud to welcome guests from all over the world to Seoul, and to have the opportunity to provide participants with a scientific program of exceptional quality in conjunction with a unique Korean cultural experience.

COEX, the venue of TTS 2020, is easily accessible from the airports, and is an attractive place for attendees for its facilities and services as well as the many cultural assets and tourist amenities on-site and nearby, like SM Town Artium, Coex Mall and Bongeun Buddhist Temple to name just a few.

We are confident that the TTS 2020 Congress will be a rewarding and unforgettable experience for all participants attending from around the world, and that it will provide you with a great opportunity to promote your company and products. We invite you and your company to join us at TTS 2020 as a partner in its success.

Mehmet Haberal, MD, FACS (Hon), FICS (Hon), FASA (Hon), FIMSA (Hon)

President, The Transplantation Society

Congress Chair, TTS 2020

Kyung-Suk Suh, MD, PhD

become a partner

Joining TTS 2020 as a partner is a simple 3-STEP PROCESS.

TTS has given industry and organizations the flexibility and choice to tailor their own sponsorship experience. You get to select the Congress features that best accentuate your presence at TTS 2020. This flexibility is designed to ensure that your specific needs and objectives are met.

If you are interested in Exhibit opportunities solely, please view page 20.

step
1

Take a look at the different sponsorship levels offered and see what value-added benefits are included within each level. Identify where your partnership budget will fit.

step
2

Choose one or more items from the "à la Carte" list to create your custom sponsorship package.

step
3

Add up your items and enjoy all the additional benefits that are included within the sponsorship level you reached.

Partnership Opportunities

Designed to Empower

HALF-DAY SYMPOSIUM*

\$200,000 USD (Sunday)

60' LUNCH INDUSTRY SYMPOSIUM (2 spots per day on non-competing topics)

\$125,000 USD (Monday)

\$100,000 USD (Tuesday)

\$100,000 USD (Wednesday)

What to expect from hosting a Half-Day/Lunch symposium:

- The opportunity to host an exclusive symposium to a targeted audience*
- Program content and speaker(s) to be organized by sponsor**
- Room rental fee included in cost of sponsorship
- Standard audio-visual package
(1 15x20ft screen, 10,000 lumen projector, sound – podium mic, 2 chair mics, 2 Q&A mics, lighting – basic stage wash, laptop at podium, technician; final specs and floor plan will be provided 30 days before the Congress)
- Recording of the symposium with static video, audio and slides
(files to be supplied to sponsor within 30 days)

How TTS will help you promote your symposium:

- Opportunity to include a promotional ad about the symposium on electronic signage
- Symposium will be included in all congress materials:
 - program and sponsorship sections of the website
 - printed on-site program pocket guide
 - WebApp
 - Announcement of all symposia in the *Tribune Pulse*
- Emailing of symposium advertising (provided by the sponsor) within the last 14 days prior to the Congress
- Push notification (provided by sponsor) on the WebApp, displaying right below the morning Plenary presentation, on the day of the presentation. This will be the final push before the symposium.

NOTES:

- * Sponsors of a half-day/lunch symposium are encouraged to provide upgraded lunches to delegates (at additional cost to the sponsor). The TTS office can support the sponsor with logistical details.
- ** In order to enhance the scientific program and prevent duplication of topics and speakers within the main program, the Scientific Program Committee must approve content and speakers in advance.

recognitionawards

The Transplantation Society's Council bestows Honours and Awards to recognize individuals contributing to the field of transplantation through outstanding achievement (for basic scientists, clinicians and in developing countries), mentorship and training, as well as humanitarian efforts.

AWARD FOR OUTSTANDING ACHIEVEMENT IN TRANSPLANTATION (BASIC SCIENCE)

\$ 2,000 USD

The Award for Outstanding Achievement in Transplantation (Basic Science) will be presented to a basic scientist who has made outstanding contributions to transplantation science.

AWARD FOR OUTSTANDING ACHIEVEMENT IN TRANSPLANTATION (CLINICAL)

\$ 2,000 USD

The Award for Outstanding Achievement in Transplantation (Clinical) will be presented to a clinician who has made outstanding contributions to transplantation.

AWARD FOR OUTSTANDING ACHIEVEMENT IN TRANSPLANTATION (DEVELOPING COUNTRY)

\$ 2,000 USD

The Award for Outstanding Achievement in Transplantation (Developing Country) will be presented to an individual who has made outstanding contributions to transplantation in a developing country.

AWARD FOR MENTORSHIP OR EDUCATION AND TRAINING IN TRANSPLANTATION

\$ 2,000 USD

The Award for Mentorship or Education and Training in Transplantation will be presented to recognize the outstanding contributions of an individual in mentoring or to education and training in the field of transplantation.

WITawards

The Women in Transplantation Steering Committee bestows awards to recognize women who have advanced the field of transplantation through leadership, mentorship, science or other outstanding contributions.

WOMAN LEADER IN TRANSPLANTATION AWARD

\$ 2,000 USD

The Woman Leader in Transplantation Award will be presented to one woman who has helped further the field of transplantation through research, policies, leadership, initiatives or other regarded contributions.

UNSUNG HERO AWARD

\$ 2,000 USD

The Unsung Hero Award will be presented to one woman who has had an extraordinary impact in the field of transplantation through community service, volunteering, mentorship or other community based activity.

younginvestigatorawards

The Young Investigator Awards are given to recipients who have submitted abstracts to the International Congress of The Transplantation Society and received the highest scores from an international panel of reviewers.

\$ 2,000 USD

- Thirty (30) awards for Young Investigators will be given to assist with travel and registration costs for the eligible recipients.
- These will be awarded to the top 30 scored abstracts whose presenting author applies for the award and who is under the age of 35 years old.
- Acknowledgement in the on-site program pocket guide.
- Funds collected from sponsorship will go 100% towards bringing young investigators to the meeting.

The Transplantation Society

The mission of The Transplantation Society is to provide global leadership in the practice of human transplantation.

The responsibility of The Transplantation Society is to establish guidelines of clinical practice, advance programs of education, and to promote ethical standards for clinical care and scientific investigation.

The Transplantation Society will provide the focus for global leadership in transplantation:

- development of the science and clinical practice
- scientific communication
- continuing education
- guidance on the ethical practice

대한이식학회

The Korean Society for Transplantation

The Korean Society for Transplantation (KST) was established in 1969 and currently more than 1,000 members are registered. Clinical and basic research in all fields of transplantation are actively performed. KST endorsed the Declaration of Istanbul and aims at national self-sufficiency while upholding ethical and transparent organ donation and transplantation.

Destination Seoul

Seoul takes pride in having an extraordinary environment for hosting conventions.

Ideally located in the heart of Northeast Asia, Seoul has what it takes for success, starting with a globally top-ranked Incheon International Airport, served by over 87 airlines connecting to 186 cities around the world, and Coex, Seoul's largest convention center.

With its 600-year history and refined modernity including IT power and K-Pop culture, Seoul became a UNESCO City of Design in 2010 and was listed No. 3 in New York Times' list of Must-See destinations.

Historic Legacy

Seoul has been the capital and center of Korean culture and history for over 600 years. Traces of the city's ancient legacy can be found everywhere from its Five Royal Palaces to the Seoul City Walls. Their careful preservation has earned sites like Changdeokgung Palace a place on the UNESCO World Heritage list.

Dynamic Cityscape

Seoul is a constantly shifting mix of traditional and modern. That's why you can find futuristic buildings like the Dongdaemun Design Plaza situated next to the ancient Dongdaemun (East Gate) and located just beneath the slope of the scenic Naksan Park. Visit a royal palace or visit the 123-story Lotte World Tower, you'll have a chance to see Seoul's character everywhere you go.

Endless Entertainment

Seoul is a city that offers plenty to do and see. The capital attracts top performers year round in art, music, dance and theatre, and offers plenty of memorable local performances of its own. Whether you find joy in a little retail therapy or going for a morning hike, Seoul's myriad of shopping choices and leisure activities have wide appeal to everyone's preferences.

Destination Seoul

Technology Leader

As a world leader in technology, Seoul is a city where high-speed communications enhance every aspect of modern life. You'll experience some of the fastest Internet speeds in the world, both wired and wireless, and the city-wide WiFi coverage means you can almost always be connected online from anywhere in the city, 24 hours a day.

Exquisite Cuisine

Visitors to Seoul often leave with glowing memories about their Korean culinary experiences. In addition to the common favourites such as kimchi, galbi (marinated ribs), bibimbap (rice topped with sautéed vegetables and other toppings), you can find a long list of restaurants specializing in the diverse cuisine of Korea's different regions.

Secure Environment

Seoul has earned a reputation as a city with a high level of safety, security, and sanitation. Seoul operates the Seoul Global Center to provide various services to visitors, a medical Referral Service for foreigners, and the Call Center providing services in multiple languages to minimize inconvenience to foreigners. Most services and facilities are available 24 hours.

World Class Transportation

A modern 18-line subway system connects every corner of Seoul and has signage, maps and announcements in English. A smart, extensive bus system and taxis with free interpretation service combine to make getting around Seoul simple and affordable.

Seoul is served by two international airports. Incheon International Airport is the main one, located just 30 miles from Seoul, while Gimpo International Airport is just 22 miles away. A new subway line between Incheon International Airport and Seoul has cut the commute down to 43 minutes.

Coex Convention & Exhibition Center

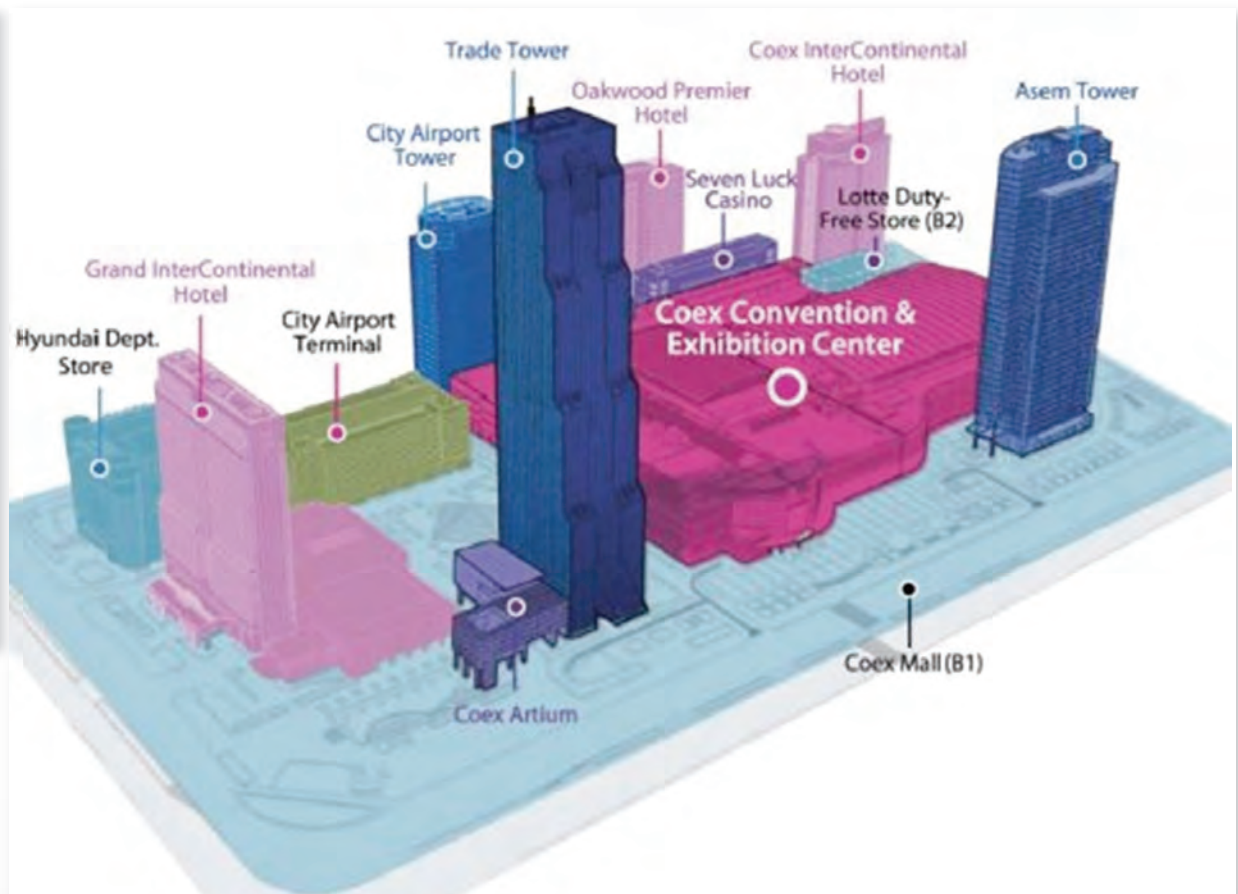

The Coex Convention & Exhibition Center in Seoul is Korea's premier events venue, providing more than 20 years of experience and know-how in the domestic and international MICE industry.

Coex is conveniently located in the heart of Seoul's business district with major 5-star hotels, a huge shopping mall, convenient transportation linkage, and an advanced IT infrastructure.

Coex has evolved into a leading culture-business platform, propelled by the opening of the new Coex Mall in 2014 and SM Town in 2015, and the designation of Gangnam as a "Special Tourist Zone" dedicated to the Meetings and Incentives Industry.

VenuePlan

Hotels at Coex
