JOIN THE TRANSPLANT INFECTIOUS DISEASE SECTION!

“Throughout the years, I’ve watched TID grow and come “of age”. I’m proud of what it has accomplished and feel in debt to TID and its leaders. For those of us coming from “the other end of the world”, the TID section has been very generous in listening to our voices and in appreciating our input. The sense of belonging has been one of my most gratifying experiences. Getting together for different academic activities has allowed me to network, and now my infectious disease colleagues have become my friends.”

Dr. Roberta Lattes, TID Consultant
Infectious Diseases, School of Medicine
