Sponsorship Questions?

1. **Where can we find the Industry Prospectus?**
   The Industry Prospectus can be found here; http://www.tts2020.org/sponsorship-exhibits Navigate your way on our web page or download a word document with the information.

2. **Is there a deadline to Sponsor the TTS 2020 Virtual Congress?**
   This is upon availability of the sponsorship items that remain.

3. **Is there a deadline to secure a Satellite Symposium spot?**
   This is upon availability and symposium spots that remain.

4. **When will a demo of the platform and Industry Corner be available?**
   The demo and screen shots of the platform can be viewed here: TTS 2020 VC - Webapp demo

SATELLITE SYMPOSIUM

5. **How can we obtain a copy of the program schedule and the available spots for a Satellite Symposium?**
   The congress program can be seen here; TTS 2020 VC - Program. There is a total of 9 spots available during the congress, 3 spots available per day.

6. **Will the virtual sponsored Symposium be hosted on the TTS server?**
   We have the option of using our Adobe Connect professional account or Vimeo-Livestream. Delegates still connect/login through our web app to gain access. The recordings will be hosted on Vimeo Premium account however they are embedded directly in the WebApp and can only be viewed in this environment

7. **Does TTS provide technical support for a pre-recording?**
   No later than July 13, 2020 we will send each company a technical support document and request to schedule a call to review the technical requirements and support package for a pre-recorded session.

8. **How many people can access the virtual room at once?**
   The virtual room can hold up to 1000 attendees, an overflow room will be used if needed.

9. **How do we know how many delegates entered our session?**
   Our system gives us the option to count the total number of people entering a room, this will able us to keep count and switch to the overflow room if needed. An attendee will be able to hear and view the presentations however not participate in the Q&A.

10. **Will there be a Live chat functionality for the Symposium?**
    The chat feature is for the attendees to engage with each other. A company has the option to disable the chat feature during, and while the Q&A is taking place.

11. **Will there be a Q&A option?**
    Separate from the chat functionality, there will be a Q&A live feature for the Speakers to connect with the online audience. The Q&A can be moderated with the option for the moderator to view and filter the questions before they are released.

    This product video shows both features: General & Private chat options

Visit **Important Dates** and **Production schedule**

12. Are questions monitored or will they be available/visible to all participants immediately?
This can be set-up as the companies instructs us. We will have additional information on this feature on the production document and we will also send a demo so you can view how this will work.

13. How does the pre-congress questionnaire work?
TTS can forward a questionnaire on a scheduled e-blast while promoting the symposium. The questionnaire cannot exceed five (5) questions (to be provided by the sponsor). TTS will create an RS Form, collect the data, and send a report to the sponsor. The questionnaire can remain on the sponsors Industry corner.

14. Can we obtain a report of the number of attendees who attended our sponsored session?
Statistical data on attendance of the sponsored session will be provided one-week post congress, the report will include total number of attendees, and basic demographic details.

For a visual on how your symposium will be featured, visit: TTS 2020 Sponsorship Symposium Platform

INDUSTRY CORNER

What is the Industry Corner? A company's logo, description and up to two (2) PDF documents to include on your profile. PDF documents can include micro links to exterior documents including a virtual booth and can be multiple pages. Please refrain from sending heavy documents for people to download as not everyone has high speed capabilities.

The Industry corner will be available on the TTS website and 30 days prior to the congress.

REGISTRATION

15. Exhibitor Registration, when will I receive information to register?
Each company will receive their personalized code to register staff, colleagues, and invitations to medical and healthcare professionals. The code with instructions will be emailed to you no later than July 15, 2020.

16. Could you confirm the delegate registration categories TTS are offering?
From the registration tab, you may view each category and the registration fee; http://www.tts2020.org/registration TTS is offering very low or complimentary registration fees to the community.

17. Will delegate registration categories be e-tagged to control access?
Our webapp can provide this option, the same system for registration is used, we may be able to segment a specific category in the registration process. *The sponsor will need to specify special requirements.*

18. How will the delegate present when accessing a given space within the Virtual Congress?
The congress management system is fully integrated to capture full data.

Sponsorship of the Registration module can be viewed on the TTS 2020 Registration Platform Sponsorship
