Sponsorship & Exhibition Opportunities
Invitation to Sponsor

Join us for the 12th Congress of the International Pediatric Transplant Association (IPTA 2023) and connect with the leading global pediatric transplantation community!

Renowned scholars from all over the globe will congregate at the Hyatt Regency Austin Hotel from March 25 to 28, 2023 to embark on a 4-day journey of scientific exchange. State-of-the-art lectures, plenaries, workshops, oral presentations and poster receptions will stimulate deep discussions on the latest scientific research in all fields of pediatric transplantation including organ donation and ethics.

IPTA is an international organization that reaches over 640 members from 60 countries. We are particularly pleased with our recent growth in membership, especially in low and mid-resource countries which will allow us to work towards IPTA’s goal to offer educational programs for professionals all over the globe.

Our strong commitment to our Industry partners is to create a variety of personalized solutions to build brand awareness, strengthen existing connections, enhance their profile by creating valuable educational and networking opportunities and finally, initiate quality contacts with hundreds of transplant professionals and key opinion leaders expected at IPTA 2023.

The success of our Congress is due in large part to the support of our Industry partners. It is thanks to your commitment to education that we are able to bring these programs to life, and to make them affordable especially to trainees, allied health and nursing professionals as well as participants from emerging economies.

Please join the international transplant community to contribute to the most important reason why we are all here - which is to improve the lives of children who need life-saving transplants. Only together can we make the world of transplanted children a better place!
