

International Pediatric Transplant Association

IPTA is a Section of
The Transplantation Society

Promoting the Advancement of the Science and Practice of Transplantation in Children Worldwide

About IPTA

The International Pediatric Transplant Association (IPTA) is a professional organization of individuals in the field of pediatric transplantation. The purpose of the association is to advance the science and practice of pediatric transplantation worldwide in order to improve the health of all children who require such treatment. IPTA is dedicated to promoting technical and scientific advances in pediatric transplantation and advocating for the rights of all children who need transplantation.

Membership Benefits

- Pediatric transplant educational opportunities
- Access to IPTA SMARTER Initiative library of webinars, podcasts, and journal clubs
- Networking opportunities
- Voting and nomination rights for all levels of membership
- Access to the online membership directory
- Reduced registration fees for the biennial Congress
