Advancing Organ Donation in the Gulf: Allied Health Perspectives and Regional Collaboration

Overview

This webinar brings together key stakeholders from the UAE, KSA, Oman, Qatar, Kuwait, and Bahrain to discuss the current landscape and future opportunities for cooperation in organ donation and transplantation in Allied Health.

This webinar allows experts from multiple countries to share updates, challenges, and successful initiatives, and serves as a platform to build stronger regional networks.

Topics

- Best Practices in Donor Identification & Referral
- Approaches to Family Consent in GCC Culture & Islamic Perspective
- Innovations & Technology in Organ Donation
